

My life shall be like a fountain

Each of us knows the refreshing and invigorating effect of clear, clean water. Especially in countries where drought and heat strain men and animals, where no drop of water falls for months, and where the earth is thirsting for water like men do, the value of drinking water is essential to life and a precious commodity. Not everyone of the many people on the planet has easy access to this valuable treasure. Wells are life-giving sources of many people. Just as pure water is necessary for our lives, so the Spirit of God is refreshing, soothing and beneficial for our soul.

"As the deer longs for the water, so my soul, O God, longs to Thee. My soul thirsts for God, for the living God. When will I get there that I will see God's face? "

(Psalm 42: 2-3)

God's Spirit is like water, all-pervading, invigorating, full of love and caring for all of creation. Like a mother God cares for us, He protects and allows us to grow until our soul will enter into the power of the Holy Spirit.

Believing in the living water of the Holy Spirit makes us bloom to become a beautiful flower in the garden of God.

So everyone, who is connected to the source of the Holy Spirit, becomes a blessing and a miracle in God's creation.

We rely on the word of Christ:

"But whosoever drinketh of the water that I shall give him shall never thirst; but the water that I shall give him shall be in him a well of water springing up into everlasting life."

(John 4: 14)

Thus, our heart will be a fountain of love and kindness, as our life is experienced through Christ in the unity of Father.

Willibald
