

About the Good

Since our childhood we are familiar with good and evil, with good and bad grades, with good and less good performance. Everything revolves around these aspects Why ?

Our society, like other societies is characterized by patterns of behavior, religions, values and judgmental opinions - in the mundane as well as in the spiritual. If a man is being regarded to be good and perfect, he will have prestige and recognition, if he is found to be nonconformist and with fault, he will be rejected .

This is common in the world .

But Jesus looks into the hearts of the people, he tells us :

„I am the good shepherd; I know my sheep and my sheep know me— just as the Father knows me and I know the Father—and I lay down my life for the sheep. I have other sheep that are not of this sheep pen. I must bring them also. They too will listen to my voice, and there shall be one flock and one shepherd.” (Jn 10:14)

Are we strive to open ourselves to goodness by good thinking, speaking and acting, this will have an effect on our fellow human beings.

Goodness consists of the divine values truth, order, peace and love.

They will unite us all in God's heart. Selfishness, envy and greed, however, separate us from unity with God .

Jesus says:

"No one can serve two masters: for either he will hate the one and love the other, or he will hold to the one and despise the other. You can not serve God and mammon." (Mt 6:24)

How often do we support dividing aspects in everyday life instead of unity in God's loving heart? Thinking and speaking good is to live the values that the good is calling us for, which means to serve selflessly.

As we are willing to serve the Good, we are also serving God's creation.

This way we will serve ourselves to live in joy and satisfaction.

A person who serves the good is serving God. This man is a blessing in God's creation .

Willibald
