

The secret of faith

In nature the transience of all beings can be observed, day in and day out. Birth and death are our constant companions .

What makes our lives so valuable?

Each of us has certainly different answers but one thing we have in common, we all acknowledge that we are human beings. Man is able to realize his true nature by being conscious. Yes, we are capable of doing many wonderful things. We can achieve worldly and spiritual success. It is by our free choice, that we can achieve happiness and satisfaction. Worldly skills essentially will serve the preservation of our physical being, but not necessarily the attainment of the great goal of our journey into the realm of love and peace.

Jesus says, "*My kingdom is not of this world.*" (John 18, 36)

Inner awareness makes us aware that there has to be a different meaning to our life than worldly success, this will challenge us to become searchers and pilgrims. Faith in Christ, the Son of God, who died and rose for us, will give new momentum, strength and confidence to our lives. Thus the humble, seeking man will come to new insights and revelations, which will give new direction to his life. Trust in God's Word and his loving guidance will be our joy and help along the way.

Jesus say: "*My strength is made perfect in weakness*" (2 Cor 12 , 9)

As we believe in the unlimited efficacy of God's love in and around us, we will believe in the Spirit of God who governs and guides everything by His will. Thus man will become a servant and instrument of Christ. Then we will be joined forever in the Oneness of God, our Father, through love. This love wants to live in all of our hearts. Let us be aware of it forever .

Jesus says, "*No one comes to the Father except through me.*" (John 4: 6)

Love is the key to the gate of heaven and to eternal life. May it be expressed by our joy of praising God! May we realize that the deep sense of humanity lies in unity with this love! Our sole purpose shall be: Oneness in God's great heart!

May we perceive God's presence sensitively and confidently, understanding His words, that we may become aware of the kingdom of love on earth.

Willibald
